Hope Fund

At Orange Park Medical Center it is our top priority to take excellent care of our patients. But we also take care of each other. In 2004 this was more evident than ever as hundreds of our colleagues were affected by the Florida hurricanes. Immediately following the storms, HCA Healthcare employees throughout the United States wanted to know how they could help. Contributions came in and were disbursed out to HCA Healthcare employee's families that had been impacted. To these families, the contributions represented much more than financial relief. They represented hope that life might soon return to normal.

With the recent devastation of Hurricane Florence and Hurricane Michael we invite you to join the cause and help replenish the funds utilized to help those effected and prepare for the 2019 hurricane season. Thank you for helping us do what we do best - take care of others.

Register now! **(800) 889-3627** or **ShootingForHope.com**. For additional information, call Richard Michaux at **(904) 639-8537** or Dan Davis at **(904) 551-3003**.
